

Hannah Harries

Front-End Developer/Designer

Remote | Cambridge, UK | hannahjeanharries@gmail.com | github.com/hann0r | www.hannahharries.com

Full time Front-End Developer & Designer working for both [Loopspeed](#) and [Wingcard](#). Creating and designing websites, apps and branding in partnership with SharpEnd, working with private clients and companies such as Jo Malone, Puma, Levis and McLaren.

Vast experience using the following - Figma, HTML, CSS, JavaScript, React, Typescript, Next.js, MUI, TailwindCSS, SASS, Firebase, Supabase, Contentful CMS, Styled-components, GSAP, Gatsby, Node.js.

Alongside this, I have also been QA testing the apps, with a keen eye and attention to detail ensuring all aspects of the UX/UI flow are working correctly.

Work Experience

Loopspeed LTD

May 2022 - Current

Completing the company's payroll. CV searching, contacting candidates. Booking candidates to attend training days. Running (DBS) checks. Contacting employers for reference checks. Brainstorming and creating employee incentives. Visiting local colleges and universities to carry out presentations to gain new business.

ICS (International Citizen Service)

Apr 2014 - Jul 2014

Based in Rural Africa (Sangilo Village, Malawi) The project was partially Government funded but also saw me fundraise £800 in order to support the Charity to fund further young people to volunteer overseas. The Royston Rotary Club made a donation with the agreement of holding a speech/presentation on my return. I was invited to the club as a guest speaker in January 2015 and presented my experience to the entire committee. Supporting children to gain access to primary school education in a community that had no access to electricity or the internet. Working

in a team of 18. Tasks included: Construction of a new nursery building. Raising the standard of education through the teachers by creating an up to date and relevant learning syllabus and new learning resources. Awareness sessions within the primary schools, a parents evening, adult literacy classes and a talent show for all the students. Covering topics such as: Geography, hygiene, sanitation, culture diversity / HIV & AIDS and other diseases.
