Brainstorming and creating employee incentives. Liaising with both clients and candidates daily to organise mutually agreeable shift patterns. Visiting local colleges and universities to carry out PowerPoint presentations to gain new business. Taking part in job fairs, providing potential employees/employers with all the relevant information needed.

ICS (International Citizen Service)
Apr 2014 - Jul 2014
Based in Rural Africa (Sangilo Village, Malawi) The project was partially Government funded but also saw me fundraise £800 in order to support the Charity to fund further young people to volunteer overseas. The Royston Rotary Club made a donation with the agreement of holding a speech/presentation on my return. I was invited to the club as a guest speaker in January 2015 and presented my experience to the entire committee. The situation – supporting children to gain access to primary school education in a community that had no access to electricity or the internet. Working in a team of 18. Tasks included: Construction of a new nursery building. Raising the standard of education through the teachers by creating an up to date and relevant learning syllabus and new learning resources. Awareness sessions within the primary schools, a parents evening, adult literacy classes and a talent show for all the students. Covering topics such as: Geography, hygiene, sanitation, culture diversity / HIV & AIDS and other diseases.

Hotel Chocolat (Head office, Royston)
